The Miraphone Corporation and the UNCG School of Music are proud to announce the opening of the Miraphone Academy.

Two sessions will be offered: the Personal Development Academy, to focus on individual performance abilities, and the Chamber Music Academy/Sotto Voce Symposium, to focus on chamber playing and interacting with others musically. Each session will have two tracks: collegiate/young professional and amateur/high school.

The two tracks will work together and independently, allowing all participants the opportunity for maximum musical growth.

*The Sotto Voce Symposium will be for pre-formed tuba-euphonium quartets only.*
